Supporting Central Indiana Farm Families in New Income Opportunities

## Join FRED Group or FAN Rural Entrepreneur Development Group

One of the important elements in becoming entrepreneurs or starting businesses is to network or talk frequently with other people who have the same interests in terms of owning and operating their own business. FAN would like to start and facilitate a FAN Rural Entrepreneur Development (thus FRED) Group in your area...maybe meet once a month for an hour or so and discuss types of businesses, how to get things going, key contacts and reference sources, and have successful rural business people speak about their business success and obstacles.

We will need a group of at least 10 to get things going so provide us your contact information below and we will get back with you by mid-January about your FRED Group.
